State Issues Addressed

Issue Questions	Responses
If the application is for the development of a Conservation Activity Plan (CAP), the agency will assign significant ranking priority and conservation benefit by answering “Yes” to the following question. Answering “Yes” to question 1a will result in the application being awarded the maximum amount of points that can be earned for the State-level questions.	
1. a Is the program application for development of a Conservation Activity Plan (CAP) for a TSP prepared Agricultural Energy Management Plan (128)? If answer is “Yes,” do not answer any other State-level questions. If answer is “No,” proceed with evaluation to address the remaining questions in this section.	400 Point(s)
With regard to applications containing energy efficiency practices (answer one of the following):	
2. a The application contains two or more core practices.	100 Point(s)
2. b The application contains at least one core practice and additional supporting practices.	50 Point(s)
2. c The application contains only supporting practices.	0 Point(s)
